

Defender[®]

Speed Rating: H,T

Speed Rating: V

Michelin's best standard passenger car/minivan tire ever offering 90,000 miles⁴ of confident driving

Stops up to 31 feet shorter than a leading competitor¹.

Exceptional grip provided by IntelliSipe Technology™ maximizes the number of sipes within the tire, which allows you to brake confidently when you need to most for greater peace of mind in stressful driving situations.

Lasts up to 21,000 miles longer than a leading competitor².

MaxTouch Construction combined with the interlocking action of Michelin's Breakthrough IntelliSipe™ technology delivers impressively long wear life by providing exceptional tread block rigidity while optimizing the tire's contact with the road during acceleration, braking and cornering.

Can save up to \$250 in fuel at \$3.50 gallon³.

The interlocking action of IntelliSipes™ creates a more rigid tread block, which allows for a reduced starting tread depth leading to lower rolling resistance so you can save fuel without sacrificing safety or longevity.

¹ Based on internal wet braking test results versus Goodyear® Assurance® ComforTred® Touring tire size 185/65R15.

² Based on commissioned third-party wear test results versus Continental® ProContact™ with ECOPlus Technology tire size 215/60R16.

³ Based on fuel efficiency estimates from rolling resistance testing versus the Yokohama Avid TRZ 215/60R16 over the 90,000-mile limited treadlife warranty of the MICHELIN® Defender tire. Actual on-road savings may vary.

⁴ 90,000-mile limited treadlife warranty for H and T-rated tires; 80,000-mile limited treadlife warranty V-rated tires. See MichelinMan.com for warranty details.
